TIPS & TRICKS

- If you use Zinio, login with the same username and password
- Once downloaded, no internet required to play games

1. Go to <http://virl.bc.ca/elibrary/resource/oneplay>.
2. Login or sign up on the website with OnePlay using email, password and library card.
3. Install the OnePlay software from the website.

Install onto your computer or download the App from the website (not available in App Stores). Sign in to downloaded software program once more to bypass the commercial platform and access the library platform.

4. Browse the OnePlay game collection.

Browse for games within the OnePlay platform or search for specific titles using the magnifying glass icon at the top.

5. Download and play.

Find a title you like and select "Download".

Activate the game by going to "My Account" and then "My List" on the left and download the game.

Once the game is downloaded and installed you can find the game in "My Account" and then "My Games" on the left.

Click "Play". After a game is downloaded on your device you do not require an internet connection.
