You will need:

- Active Vancouver Island Regional Library (VIRL) Card
- Smartphone, tablet, or computer

Loan Rules:

- There is no time limit and title are always available
- Unlimited use!
- Streaming only—no downloading

TIPS & TRICKS

- Create personal playlists: sign in with your library card in a browser and then follow the instructions under the “Mobile App” tab to create an account

1. Go to <http://virl.bc.ca/digital-films-music-video-games>, click on the Naxos Music Library link and sign in with your library card.

2. Download the App from your App Store.

Go back to your browser and (if you’re signed in) click on the “Mobile App” tab. Scroll down until you see “Public Library Card Holder” and follow the instructions to create a personal Naxos Music Library account and sign in on the App.

3. Browse and search the Naxos collection.

Browse music by genre, new releases, artists, composers, playlists, and much more. You can also take Guided Tours of certain music eras.

You can also search for specific artists, albums, and songs using the search bar.

4. Stream songs and enjoy!

Check off the songs you wish to stream and click “Play Selections” on the left hand side. Alternatively, you can click “Select All” to play the whole album.

When you sign in with a library card and then create a Naxos Music Library account (instructions under “Mobile App”), you can create your own playlists and then access them by clicking on “Playlists” at the top of the page.
