

# MILANO CORTINA 2026

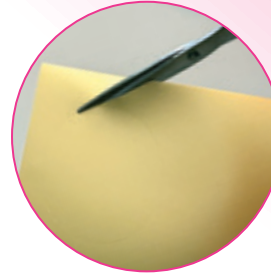

## Make Your Own Olympic Medal

You'll need: foil paper, jar lid, ribbon, decorations, scissors, pencil, glue.

Use supplies you have on hand or purchase from your local dollar or craft store.

1. Use a jar lid to trace a circle on foil paper.

2. Cut out your circle.

3. Glue your foil circle to your jar lid.

4. Decorate the front of your medal.

5. Cut a piece of ribbon long enough to fit safely around your neck. Glue the two ends together.

6. Glue the ribbon to the back of your medal.
